WHO ARE WE?

Hi, my name is Walson Carlos and I am the Owner Operator of JFA. I have over 27 years experience in the game of rugby league as a coach (junior, senior & rep levels), administrator & player and I want to share that with young players, aspiring players and coaches alike. I have a degree in Education and have held prominent roles with the QRL, CQ NRL Bid & the Capras in the past. Now through the Junior Footy Academy I am pursuing my passion of bringing kids into the game of rugby league. For kids first and foremost rugby league has to be fun & enjoyable & JFA focuses on that.
